

G8 Summit in Heiligendamm, from the 6th to the 8th of June 2007

Detailed Press Programme

(Status as of: 04 June 2007)

Subject to change!

General information for media representatives

Access to photo/press opportunities

Given the strong media interest in the G8 Summit and limited space available, access to most photo/press opportunities will be possible for a restricted number of journalists only.

Only those journalists will be allowed to take part in restricted press opportunities who have supplementary identification badges issued specifically for the opportunities in question, in addition to the G8 accreditation.

Access to photo/press opportunities will be in groups accompanied by Press and Information Office staff members. The pool meeting point is in the tent for security check next to the International Press Centre.

Transportation

Transportation to most photo/press opportunities will be exclusively by Molli train or by bus from the pool meeting point. You will be required to go through a security check each time and any bags you may be carrying will be inspected. There will also be a check of G8 accreditation and supplementary badges.

Transportation to Rostock-Laage and Hohen Luckow will be by helicopter. Journalists who take part in the photo/press opportunities at these locations will be required to sign a liability waiver beforehand.

Lead times for security checks, transportation times, mutually exclusive photo opportunities, as well as unrestricted press opportunities are indicated in the detailed press programme and will be shown on CCTV.

Journalists who arrive at the pool meeting point later than the indicated lead and departure times will not be able to take part in the opportunities in question. You are not allowed to go to event locations on your own.

For your information

Appropriate lighting for photos and film will be provided so that no additional lights will be needed. Ladders and tripods will not be allowed in indoor locations.
